

Report on ARC evaluations during 2016-2020 by S. Finney

During the term of 2016-2020, the IUGS Executive Committee appointed Ad-Hoc Review Committees to evaluate several IUGS constituent groups. In 2017, the International Commission on Stratigraphy (ICS) and the Commission on Tectonics and Structural Geology (TecTask) were reviewed in 2017; the Task Group on Global Geoscience Professionalism TG-GGP) and the Task Group on Isotope Geology (TGIG) were evaluated in 2018; and the Commission on Global Geochemical Baselines (CGGB) and the Commission on Geoscience Information (CGI) were subject to review in 2019. Reviews completed in 2017 and 2018 have been published in *Episodes*. Those completed in 2019 will appear in forthcoming issues.
