### Candidates for the IUGS Nomination Committee for the period 2024-2028

Dear Council members,  
Dear President Qiuming,

It is the Council to vote for 6 candidates for the next Nomination Committee which will be chaired by the next Past-President Qiuming Cheng.

On behalf of the outgoing Nomination Committee I submit a list with 11 candidates, out of which two have been proposed by adhering members of IUGS through their National Committee.

The candidates were selected based on their scientific standing and their international network. We tried to keep a geographic balance and put especial effort on gender. All candidates expressed their preparedness to serve via e-mail to the chair of the current nomination committee.

On behalf of the IUGS Nomination Committee

Sincerely yours

Roland Oberhänsli

Nom Com Candidates
